

2017-2018 INDIVIDUAL VOLUNTEER LOG FORM

Please **estimate** your time for October 1, 2017-September 30, 2018 and submit this form to your unit in September, 2018. WREA would like to present the total member volunteer hours/monetary value to the Governor and other state and local government leaders.

There are numerous volunteer opportunities in our communities and many people interested in volunteering. Most people volunteer without the expectation of recognition or compensation because volunteering offers a personal satisfaction and reward that cannot be found in other activities. People volunteer for particular reasons and look to do something that not only benefits their community, but that also inspires **them**. Volunteering should provide a winning experience for everyone—the volunteer, your organization, and the community. (Adapted from the National Retired Teachers Association Toolkit.)
